2. Introduction

We are a converter Academy with the Governing Body of Trustees and Governors acting as the Admission Authority for the Chatham & Clarendon Grammar School DFES: 886 5462.

In order to meet the needs of the local area and to comply with the School Admission Code, the Admission Authority are required to consider, consult for at least 6 weeks on any changes or every seven years if no changes have occurred, and determine the 2027/28 academic year admission arrangements by 28th February 2026.

This document details the arrangements as determined at the Full Governing Body (FGB) on Tuesday 3rd February 2026, with due regard to the Admission Code, Equality Act, structure of the School and any comments received following the consultation held.

A Consultation took place between 27th October 2025 and 19th December 2025 with

comments invited to be sent by email or post to the Admission Registrar by Friday 9th January 2026.

The consultation document was available on the School and Local Authority websites from 20th October 2025, emailed, being the normal way of communication, to parents, the Local Authority and those admission authorities, within the relevant statutory consultation area as defined by the Local Authority. Schools and nurseries within that area were requested to circulate the document to their parents/carers. A paper copy was available on request and displayed at our Open Evenings. The one comment received concerning the proposal to introduce testing for In Year Applications even if currently attending Kent Test grammar school, was considered at determination.

3. Arrangements for entry into Year 7 in September 2027 for children born between 1st September 2015 and 31st August 2016.

This section details the admission arrangements for any transfer from Year 6 to Year 7. As a grammar school for prospective students to be eligible for consideration of a place, they will need to complete the Kent Admission Test (11+) and achieve the required standard for the student to be deemed able to cope with the level and pace of work expected in a grammar school. This standard is normally around the 75th percentile or above level of ability.

We participate in the current Kent Co-Ordinated Scheme for Transfer to Year 7 as determined by Kent County Council (KCC) as the Local Authority.

Parents/Carers resident in Kent will apply for their child's school place either online at www.kent.gov.uk/ola or by using the standard paper form known as the Secondary Common Application Form (SCAF). Those not resident in Kent will need to follow the process determined by their home authority as detailed in the KCC's determined Scheme.

Please contact the Local Authority direct for details of the Kent Co-ordinated Scheme for Academic Year 2027/28 or view details on their website at http://kent.gov.uk/education_and_learning.aspx

4. Arrangements for In Year Admission applications from September 2027 for any year, up to and including Year 11.

This section details the admission arrangements for any transfer to any year, up to and including Year 11 which does not fall within the initial Year 7 September admission.

We participate in the Kent Co-Ordinated Scheme which includes applications for In-Year Transfer for the Academic Year as determined by Kent County Council as the Local Authority. The Admission Registrar, on behalf of the Governing Body, will administer the applications for consideration of a place with the School, by all parents/carers, notifying KCC accordingly as required in the Scheme.

Parents/Carers resident in Kent will apply direct to the School for a place by using the In-Year Common Application Form (IYCAF), available on the Local Authority and School websites or on application to the Admission Registrar. Those not resident in Kent will need to follow the process determined by their home authority as detailed in the KCC's determined Scheme.

Please contact the Local Authority direct for details of the Kent Co-ordinated Scheme for Academic Year 2027/28 or view details on their website at http://kent.gov.uk/education_and_learning.aspx

As a grammar school, for all prospective students to be eligible for consideration of a place they will need to complete the school admission test and achieve the required standard for the student to be deemed able to cope with the level and pace of work expected in a grammar school. This standard is normally around the 75th percentile or above level of ability. The testing procedures are outlined in the following section.

Successful applicants for admission into Year 10 or 11 will be offered option courses dependent on the space available in the individual teaching groups. Applicants will be informed of the options available prior to their acceptance of the place for consideration on whether to accept the place or not.

NB 1: The core subjects of Maths, English and Science will always be offered. To ensure a full timetable in Year 10, the applicant will be expected to join other available option courses, which they may not have been previously studying.

NB 2: The school may not enter a Year 11 student into exams if they have not completed the full two-year course for that subject and students may only study the core subjects depending on the Year 10 curriculum they may have to catch up.

5. Chatham & Clarendon Grammar School Specific Arrangements

This section details the admission arrangements which are specific to this school.

Administration of the Admission Arrangements

Will be completed on behalf of the admission authority by the Admission Registrar, who will submit analysis and reports to the governors throughout the year as required.

Admission Appeals

There is a statutory right to appeal, to an Independent Appeals Panel, against any decision of the Chatham & Clarendon Grammar School, as the Admission Authority, to refuse a school place, regardless of the reason of refusal.

The right of appeal occurs once the parent/carer has received notification of the decision not to offer a place. This decision will be either on grounds of a student not being eligible for a place or that the student is eligible but there is no place available because the published admission number for that year has been reached. Full details on how to appeal will be included in the decision letter.

Should you wish to appeal, once you have been notified of the Admission Authority's decision, please either, complete the appeal form available through the Year 7 Kent Co-Ordinated scheme, or write a letter detailing the reason for appeal. Your appeal should then be sent to the Admission Registrar as detailed in the Appeal Timetable and decision letter.

Please note:

- i) an appeal may take up to 30 school days to be arranged, please see the appeal timetable, published on the School's website from 28th February
- ii) you have a right of appeal each time a decision whether to offer a place or not is made, however, a decision is only made once in each academic year and a test result will be valid for a full calendar year

- iii) parents/carers have a right to attend and speak at the Appeal hearing and the procedures for an appeal can be found in the School Admission Appeal Code available from the Department for Education website

The decision of the Independent Appeal Panel is final and binding on all parties. An appeal panel's decision can only be overturned by the courts where the appellant or admission authority is successful in applying for a Judicial Review of that decision.

Following the appeal, should you have a complaint concerning the process of the appeal, including maladministration on the part of the admission appeal panel, or you consider that there has been a significant and material change in circumstances of the student, parent/carer or the School, since your appeal was heard, you should in the first instance contact the Admission Registrar, who will be happy to discuss the matter and options available to you.

If you do not wish to discuss the matter, or you are not satisfied with their reply, the guidance below may help.

1. Complaint on the process of the appeal

Please note this is not a right of appeal against the Panel's decision and has to relate to issues such as failure to follow correct procedures or to act independently and fairly, rather than complaints where a person feels that the decision taken is wrong.

The Admission Appeal Code states that the Department of Education investigates complaints against the process of an Academy's admission appeal, on behalf of the Secretary of State for Education. The complaint must be about the way the appeal was carried out, not about the decision itself. Full details can be found on their website at: www.gov.uk/schools-admissions/complain-about-the-appeals-process

2. Significant and material change in circumstance

If you consider that there has been a significant and material change since your unsuccessful appeal was heard, you may make an application, in writing, to the Governors of the School to consider a second application for admission under Section 5 of the School Admission Code.

Where an application for a second application within the same academic year is received the Admission Registrar will apply the following process:

1. Acknowledge receipt of the application
2. Consider the application against the agreed criteria
3. If application meets criteria for consideration of a 2nd application, prepare submission for governors and inform applicant accordingly, following decision, notify applicant of outcome.
4. If application does NOT meet criteria, prepare submission to Headteacher for agreement and following agreement notify applicant of outcome.

Criteria for Consideration of a 2nd Application

The Admission Registrar and Headteacher will consider that the request demonstrates a case for consideration by the governors, WHERE EITHER :

1. The applicant is presenting a new case than that already heard by the Independent Appeal Panel by showing that the change of circumstance was unable to be presented to the appeal panel. Note: If the applicant is just

presenting new information on child's academic ability or where the child has been successful at other tests eg Medway test or school appeals after the date of the appeal hearing then this is not considered to be a new case.

However, where the child is reported as 'exceeding expectation', or equivalent, in Maths and English in the Year 6 assessments, and the original appeal case had prediction levels of a lower attainment this may then be considered as a new case.

2. The applicant is presenting a case that their child had been disadvantaged at the appeal hearing, due to unforeseen circumstances or through no fault of the appellant which was not as a result of malpractice but had the circumstances been as now presented the appeal may have been successful.

Note: In either of the above criterion the applicant MUST demonstrate that the change of circumstance is relevant to the issue of their application for consideration of a place with our school NOT just further evidence that they consider that the child should be deemed selective. Unless the child's academic ability had not been considered by the Appeal Panel at the time of the appeal or the change of circumstance is relevant to the performance in the test eg diagnosis of a severe learning disability or other medical reason, after the appeal hearing, which may have had a significant detrimental effect on performance.

Admission of children outside their normal age group

We do not routinely admit outside a child's normal age group however we will always consider any request for, and may offer without request, where we consider the student's needs would be best met in a different year group, an admission outside normal age group. The request, where possible, should be made in writing at the time of the admission application and should include the parental/carer reasons, and any information available from the child's current school including support or concerns, for the request. If necessary to help make an informed decision, the Registrar may contact the child's current school to request their view. Please contact the Registrar if you would like to discuss the process more fully.

All decisions will be made on the basis of the circumstances of each request with the best interests of the child considered, taking into account parental/carer's views; information about the child's academic, social and emotional development; where relevant, their medical history and the views of a medical professional; whether they have previously been educated out of their normal age group; and whether they may naturally have fallen into a lower age group if it were not for being born prematurely.

The Admission Registrar will, submit the request to the Headteacher for consideration, and then notify the outcome, in writing, including the reasons for the decision within 5 school days of an eligible application. An eligible application is one where the student has been assessed as suitable for consideration of a place eg achieved the required level in the school admission or Kent test.

Whilst parents/carers have a statutory right to appeal against the refusal of a place at a school for which they have applied, this right does not apply if we decline your request but still offer a place within the normal age group.

If the application is made at the same time as the normal admission round for Year 7 then the actual process is administered by Kent County Council however we will be asked whether we would accept an early or late age admission. We will provide the decision in time, unless the parental request is made too late for this to be possible,

to ensure that the applicant is included as part of the main admissions round and treated in the same way as all other children in the normal age group for that year.

Appeal Hearing Timetable

The Admission Appeal Code requires all admission authorities to set and publish, by 28 February each year, a timetable for organizing and hearing appeals. The Admission Registrar, on behalf of the admission authority, will produce and publish a yearly timetable for appeals that meets all requirements of the Appeal Code.

Published Admission Number (PAN)

Since September 2013 the Admission Code allows admission authorities to, without the requirement to consult, increase the PAN and/or admit above PAN, without adjusting it permanently.

The PAN for admission to year 7 is 180 students. The admission authority will consider in January 2027 whether to inform the Local Authority, in time for the allocation in February, to admit above PAN based on preference figures received.

The admission authority will routinely admit eligible students above PAN in the following circumstances:

- In the cases of multiple birth ALL applicants will be offered a place.
- In the cases where PAN reached – applicants will be admitted ONLY where a relevant core teaching group does not exceed 31 students AND the total number of students for the year does not exceed PAN plus an additional 5%

Supplementary Information Form – ONLY REQUIRED FOR SPECIFIC CRITERION

To assist with the consideration of applications under the health & special access needs or pupil/services premium criterion the admission authority has introduced a supplementary information form from Academic Year 2020/21.

The form can be found at the end of this document and will be available to be downloaded from the school website; paper copies will be available at the school Open Week events, from the school offices and on request.

The form, with supporting evidence, should be completed, signed and sent to the Admission Registrar at Chatham & Clarendon Grammar School Chatham Street Ramsgate Kent CT11 7PS.

For initial Year 7 applications using the Secondary Common Application Form (SCAF) the completed supplementary form MUST be received by Admission Registrar no later than 10 school days from the national deadline for lodging applications of 31st October.

For all other applications the supplementary form should be completed and submitted with the admission application form.

For an application to be considered under any of the criterion the requested evidence MUST be attached to the original supplementary form. The School will only seek clarification if evidence is unclear we will NOT investigate to ascertain eligibility under any criterion.

The decision whether to accept the application under the criterion will be made by the Headteacher and Admission Registrar on behalf of the admission authority.

Testing

Transfer to Year 7 Applications

As a grammar school, all prospective students must complete the Kent Grammar School Test. The test is administered by the Local Authority and details of the scheme including application and registering, dates of testing, deadlines and the handling of late applications will be in the Local Authority's booklet "Admission to Secondary School in Kent 2027" when available on their website.

All applications for testing and admission MUST be made through the Local Authority scheme referred to earlier. Students with a Statement of Special Educational Needs (SEN) or Education, Health and Care Plan (EHCP) which may impact on their performance at the Test, should discuss the matter with the student's primary school as part of the registration for Kent Test process.

Applications within year 7 will be treated as In Year application, using the result of Kent Test however if they have not already taken the Test, for places up to 31st December of Year 7 they MUST be tested using the relevant Kent Test for that intake. The Admission Registrar will liaise with any other grammar schools necessary to agree where the applicant will take the Test. The Test is marked by the Local Authority and all relevant schools notified of the result, to enable them to consider the eligible applicants for a place. From 1st January of Year 7; those who have not taken the Kent test will sit our admission test as with an In Year Application.

In Year Applications

As a grammar school, all prospective students must complete the school admission test which is administered by the Admission Registrar.

The test can only be taken at the Chatham Site and will normally be arranged within 10 school days of the application being received. If the applicant does not attend and no contact is made with the Admission Registrar within a further 7 school days the application will be considered withdrawn, a new application may then be made in the future. Should an applicant have taken a similar test at the Dane Court Grammar School in Broadstairs, within the academic year, the Admission Registrar will accept the result and apply our standard required to determine whether the student is eligible for consideration of a place with us.

The test consists of three timed multiple choice papers, for **each** of Verbal Reasoning, Non Verbal Reasoning and Math skills, with the minimum required standard being an aggregated standardized age score of 110 or more in **each** of the three skills. The test is not curriculum based, assesses Cognitive Ability and takes approximately 2.5 hours to complete.

The Admission Registrar, on behalf of the admission authority, will mark the test using the score sheet and then ask the Headteacher to confirm whether i) the student can be considered for a place and ii) whether a place can be offered.

The result of test and decision to offer a place or not will be communicated to the parent/carer normally within 5 school days of the test, the letter will also inform them of their right of appeal and eligibility to join our waiting list with the processes to follow if relevant. A test result will remain valid for a full calendar year from the date of the test, and will be used should an application be made for the next academic year within those 12 months.

Students with Special or Additional Educational Needs (SEN or AEN) - Where a parent/carer believes a student has SEN/AEN which may impact on their performance at the School Admission Test, the Admission Registrar will allow any approved adjustments during the test in order to ensure that they have the opportunity to perform at their best. Adjustments will be deemed to be approved where the student has been identified and assessed by their current school for SEN/AEN **AND** an Education, Health and Care Plan (EHCP) is in place and included with the application form. **Or** where the student's current school provides a written statement outlining the arrangements given as the normal way of working for the student eg a student with Irlen's may use a coloured overlay; a student with dyslexia may be given additional time to complete tests – the written statement must include the amount of time normally allowed. A private assessment will be considered by our SENCo to agree any adjustments at the test.

Students where English is an additional language (EAL) - Where a student has EAL, and this may impact on their performance at the School Admission Test, the Admission Registrar will consider whether to allow an interpreter to assist with translation. The School is unable to arrange for an interpreter however we are happy for a friend or relative of the student to act as one to ensure that the student has the opportunity to perform at their best. An interpreter will **ONLY** be allowed to translate the instructions of each test and confirm that the student understands what is required of them. The interpreter **CANNOT** interpret the individual questions or assist the student in any other way; no other allowance will be made for the test. Other evidence of their ability in English could be submitted by the parent/carer at an appeal for the Independent Panel to consider should the student not reach the academic level required.

Over Subscription Criteria

Can be found in Section 7.

Waiting Lists

A waiting list for each year will be maintained until 31st August 2028, should a place become available the oversubscription criteria will be used to determine allocation of each place with the decision notified accordingly.

Withdrawal of an Offer or a Place

The Admission Authority will consider withdrawing an offer or a place if:

- 1) It has been offered in error.
- 2) A parent/carer has not responded in the timescales given, after the LA offer letter, the School's welcome letter, giving 10 school days to reply and a 2nd letter giving a further 7 school days to reply, have all been sent.
- 3) The offer was obtained through fraudulent or intentionally misleading information. To be established by, confirmation of the correct information as of the time of the application being different to that originally supplied **AND** no reasonable excuse as to why given, which was required for the ranking of each application by the oversubscription criteria eg address of student at time of application, which resulted in an offer that may not have been made if the correct information had been given.

6. Arrangements for Admission into the Sixth Form from September 2027

This section details the admission arrangements for admission to sixth form.

The entry deadline for applications is Friday 12th February 2027 and our requirements for September 2027 entry are:

The minimum offer for entry into CCGS sixth-form is two 6 grades and three 5 grades. The requirements to do particular subjects is detailed in the Sixth Form prospectus.

For the intake of September 2027, the Sixth Form will recruit on the basis of a combined Year 12 of 250. The minimum published admission number (PAN) for new entrants will be **40**, however we may enroll above this if there are sufficient spaces on the particular combination of courses requested by suitably qualified applicants. Priority for places will be:

1. Internal applicants - students enrolled in Year 11 of the School.
2. External applicants.

NB Should there not be enough room on a particular course, priority, within each of the categories above, will go to the candidate with the highest average points score across their GCSE subjects.

A place maybe offered where an applicant has extenuating circumstances for not meeting the required GCSE results. Any applicant, who believes this may be the case, should write to the Head of the Sixth Form providing details and any supporting evidence for consideration.

The application process for both internal and external students for the Sixth Form is as follows:

Application is made through the Kentchoices4U or UCAS Progress website, as part of the Local Authority scheme.

- All applications will be considered.
- A Sixth Form Information Evening will be held in November/December 2026.
- A meeting will be held to discuss options and academic entry requirements for particular courses.
- A Sixth Form Induction Week is held at the end of June/beginning July 2027 where applicants will be offered the opportunity to attend 'taster' lessons and confirm final course preferences.
- A conditional offer letter will be sent to all applicants who are expected to meet the entry requirements and whose subject preferences can be met. Should it be necessary, alternative subject preferences may be offered.
- A confirmation of acceptance by 3:00 pm on the day following the publication of GCSE exam results in August 2027 is required in order to secure the conditional offer place.

Where students have achieved better results than their predicted grades, they should contact the school by 3.00pm on the day following the GCSE results and will then be considered based on the grades achieved, with a place offered if available. Should a place not be available they will be placed on our waiting list and ranked according to our oversubscription criteria for any places that become available, as a result of other students failing to meet the required entry levels.

Applicants have a right of appeal against the decision not to offer a place and the Appeal Timetable, published on the School website by 28th February 2027 will have the dates and arrangements for lodging appeals.

7. Over Subscription Criteria

This section details the oversubscription criteria.

Before the application of the oversubscription criteria, children with an Education, Health and Care Plan (EHCP) who name this School will be admitted. As a result of this the published admission number (PAN) will be reduced accordingly. If the number of preferences of eligible students for the school is more than the number of places available, places will be allocated in rank order in the following priority:

1. Eligible students who are presently or were previously in Local Authority care either in England or outside of England.

Definition A looked after child is a child who is (a) in the care of a local authority, or (b) being provided with accommodation by a local authority in the exercise of their social services functions (see the definition in Section 22(1) of the Children Act 1989) at the time of making an application to a school.

A previously looked after child means such children who were adopted (or subject to child arrangements orders or special guardianship orders) immediately following having been looked after and those children who appear to the admission authority to have been in state care outside of England and ceased to be in state care as a result of being adopted.

A child is regarded as having been in state care outside of England if they were in the care of or were accommodated by a public authority, a religious organisation, or any other provider of care whose sole or main purpose is to benefit society.

2. Eligible students who demonstrate health and special access reasons. To be considered under this criterion, please complete and submit a supplementary form, with your evidence, as required.

Definition: medical, health and special access reasons will be applied in accordance with the school's legal obligations, in particular those under the Equality Act 2010. Priority will be given to those children whose mental or physical impairment means they have a demonstrable and significant need to attend a particular school. Equally this priority will apply to children whose parents'/carer's, physical or mental health or social needs means that they have a demonstrable and significant need to attend a particular school. Such claims will need to be supported by written evidence from a suitably qualified medical practitioner or other practitioner who can demonstrate a special connection between these needs and the School.

3. Eligible students who are in receipt of a pupil premium or service premium. To be considered under this criterion, please complete and submit a supplementary form, with your evidence, as required.

Definition: students who are eligible for additional funding paid annually to schools under section 14 of the Childcare Act 2006 and the current school is in receipt of the payment.

4. Eligible students with a current family association.

Definition: children who live as brother or sister in the same house, including natural brothers or sisters, adopted siblings, step brothers or sisters and foster brothers and sisters AND who are attending the School at the time the applicant will start.

5. Eligible students who are a child of a member of staff.

Definition: The member of staff must be employed on a permanent contract and either have been a) employed at the school for two or more years at the time at

which the application for admission is made; and/or b) recruited to fill a vacant post at the school, within the last two years for which there was a demonstrable skill shortage. The child must live in the same household as the member of staff either full or part time and includes natural, adopted/fostered and step children.

6. Eligible students who live within Thanet; Broomfield; Chestfield; Herne; Herne Bay; Reculver; Swalecliffe and Whitstable.

Definition: A map of the above areas is attached. Please contact the Admission Registrar if you are in anyway uncertain as to whether your address falls within this criterion.

7. All other eligible students.

Definition: All other students who cannot be considered in any of the criterion above.

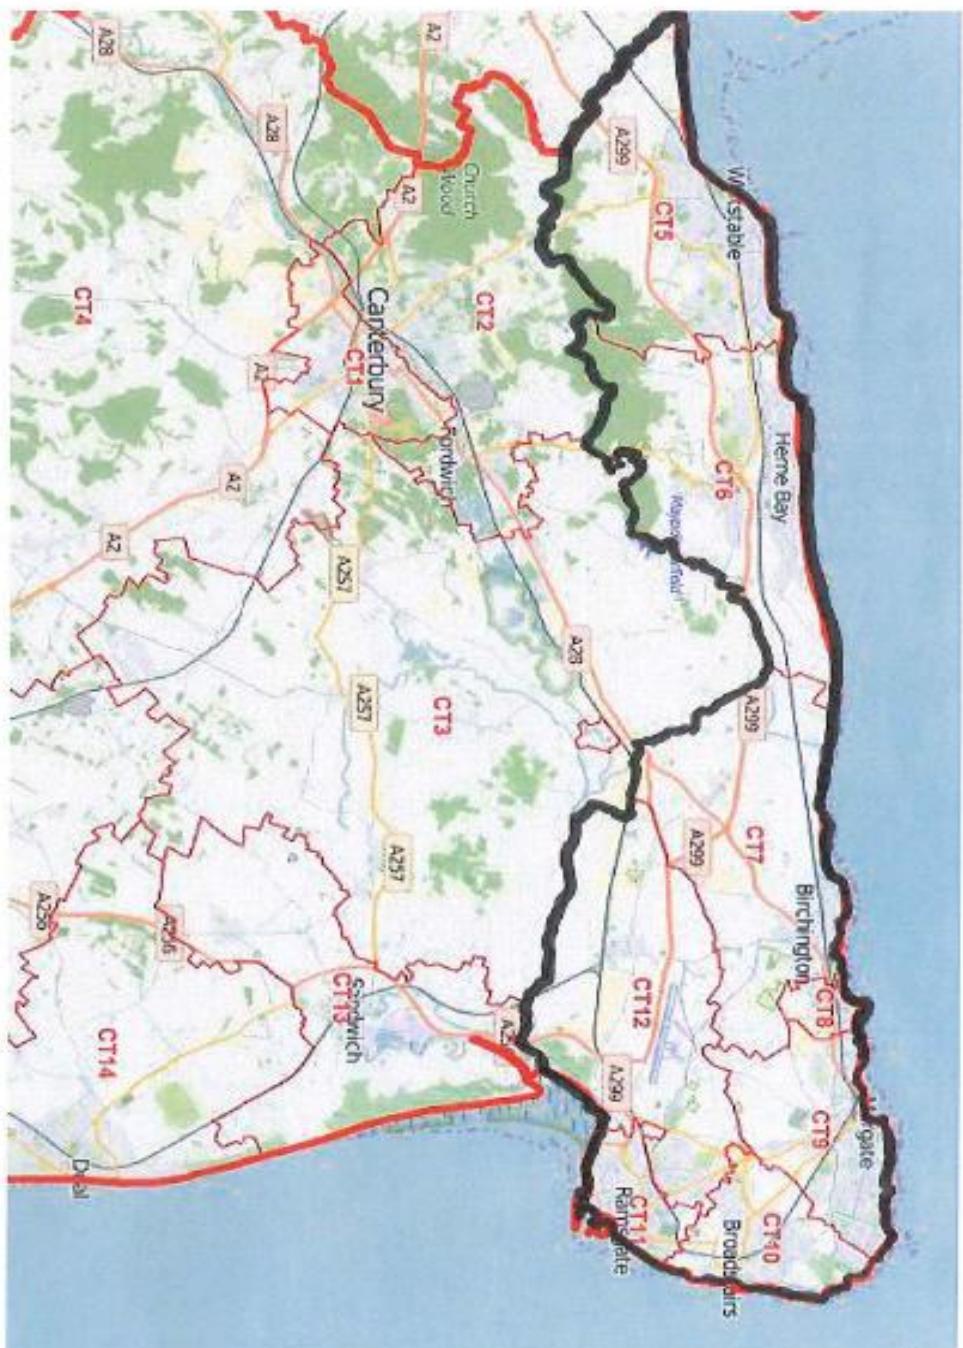

Within each of the above criterion students will be ranked in order of those living closest to the school. The School uses the measurements provided by KCC using the nearness to school measure below and further information on how distances are calculated is available in their Admissions Booklet.

Nearness of children's homes to school - we use the distance between the child's permanent home address (defined in KCC's annual admissions prospectus) and the school, measured in a straight line using the National Land and Property Gazetteer (NLPG) address point. Distances are measured from a point defined as within the child's home to a point defined as within the school as specified by NLPG. The same address point on the school site is used for everybody. When we apply the distance criterion for the school, these straight-line measurements are used to determine how close each applicant's address is to the school. Where applications are made from properties or abodes that are not registered to the NLPG, including new build properties, KCC may be required to use planning sites or other relevant co-ordinates. In exceptional circumstances where alternative co-ordinates are not available, measurements will be determined by a Senior Admissions Officer and confirmed by Head of Service.

A child's home address is considered to be a residential property that is the child's only or main residence (not an address at which the child may sometimes stay or sleep) and which is either owned by the child's parent, parents, or guardian; leased or rented to them under a written rental agreement.

Where a child lives at more than one address, we will distance to the home at which they sleep for the majority of school nights (Sunday to Thursday) in the first academic year, using the school term dates excluding school holidays. In the unlikely event that a child spends an equal time at both addresses, we will use the address that is closer to the school.

Where more than one child has the same address eg a block of flats having a single address point reference or each child of a multiple birth family, or have the same distance from the school and in all other ways have equal eligibility, the names will be issued a number and drawn randomly to decide each child's ranked number.

Addresses within the area surrounded by the black line are accepted as being in Thanet, Broomfield, Chestfield, Herne, Herne Bay, Reculver, Swalecliffe and Whitstable for the purposes for eligibility under the criterion above.

Admission Application Supplementary Form

ONLY TO BE COMPLETED FOR APPLICATIONS UNDER CRITERION OVERLEAF

Please complete in **CAPITALS** and send by post or by hand to Admission Registrar Chatham Site.

1. For initial Year 7 applications using the Secondary Common Application Form (SCAF) the completed supplementary form **MUST** be received by Admission Registrar no later than 10 school days from the national deadline of 31st October for lodging applications.
2. For all other applications the form should be submitted with the admission application form.
3. Sixth Form (new students only) please complete and send in once application submitted online.

Year applying for		Date of Application	
-------------------	--	---------------------	--

Full name of Student			
Date of Birth		Student ID number if known	

Criterion you wish your application to be considered under – please see over for full definitions (please tick one only)			
<input checked="" type="checkbox"/> Eligible students who demonstrate health and special access reasons. Please attach supporting evidence eg medical or other healthcare specialist letters.			
NB: By requesting consideration under this criterion and signing the form you are giving permission for Chatham & Clarendon Grammar School to request clarification from the specialist etc as to the specific needs in relation to our school if required.			
<input type="checkbox"/> Eligible students who are in receipt of a pupil premium or service premium. Please attach letter from current school confirming pupil/service premium status of student			
NB: By requesting consideration under this criterion and signing the form you are giving permission for your child's current school and Local Authority to disclose the information to Chatham & Clarendon Grammar School of eligibility of parents/carers to pupil or service premium if required.			

THIS FORM **MUST** HAVE YOUR ORIGINAL SIGNATURE

(Copies or scanned forms will **NOT** be processed)

Parent/carer signature	
Date	

PLEASE REMEMBER TO ATTACH ANY SUPPORTING EVIDENCE

- we cannot consider your application under the criterion if there is no evidence attached.
- Please contact the Admission Registrar at the Chatham Site if you would like a form sent to you or you have any difficulties completing the form.

Criterion requiring completion of supplementary form

Eligible students who demonstrate health and special access reasons.

Definition: medical, health and special access reasons will be applied in accordance with the school's legal obligations, in particular those under the Equality Act 2010. Priority will be given to those children whose mental or physical impairment means they have a demonstrable and significant need to attend a particular school. Equally this priority will apply to children whose parents'/carer's, physical or mental health or social needs means that they have a demonstrable and significant need to attend a particular school.

Eligible students who are in receipt of a pupil premium or service premium.

Definition: students who are eligible for additional funding paid annually to schools under Section 14 of the Childcare Act 2006 and the current school is in receipt of the payment.

-
